

*Someone
Thinks
You're
Special...*

You've been touched by an Angel

*If you've opened this envelope,
"something" or "someone" impressed you to do it.*

You should find some money inside.

*I have no idea how much,
as other people have added to it
as it's gone from person to person.*

If you need some money today,

*Please take it and accept it
as a gift from God.*

There are only two requests:

First ~ that you give this envelope and note

to the person of your choice,

*or leave it in a place of your choosing,
so someone else can be blessed by giving or receiving.*

Second ~ that you not take the very last dollar.

*Add to it if you can,
or take from it if you need to or want to.
...And know that someone cares.*

Thanks for being an Angel & paying it forward.
